- Very floriferous and well-branched plants display one-of-a-kind flowers.
 - Tight flowering window with an easy-to-grow, uniform, upright habit across all colours.
 - Outstanding in hot and sunny conditions.
- NOTE: Tattoo blooms display the best colour contrast under warm conditions with moderate light; colours lighten with increased temperatures and light. Grown under cooler conditions and lower light, colours appear darker overall with less contrast and more purple colouration being expressed.

Black Cherry Swirls of cherry and raspberry are lightly airbrushed with purple tones.

Blueberry A unique colour perfect for combining with other plants to create heat-loving red, white and blue mixes.

Papaya Beautiful, soft "orangesicle"-toned petals are marked with an inky, dark eye.

Raspberry Deep raspberry blooms mature to a soft rose colour, each accented with an inky, dark eye.

Tangerine Dark purple swirls airbrushed onto tangerine-colour blooms with a bright eye.

American Pie Mixture Includes Tattoo Blueberry, plus two Pacifica XP varieties, Really Red and White.
