

# Honeycluster

*Pentas lanceolata*

Excellent value for midsize containers.

Vigorous heat lover ideal for pots and filling large garden beds. Earlier flowering and more uniform than others in this class. Large, showy flower umbels are held on top of the plants.

- Quick fill and fast finish for mid-to-large pots and landscape applications.
- Flowers held above the foliage provide high-impact color.
- Delivers the vigor and flower power to stand up to heat and make premium season extending containers.

## Petunia at-a-glance

	Special notes
<b>Frost</b>	Unique picotee flowers
<b>Tritunia</b>	Standard grandiflora for packs and small pots
<b>Duvet</b>	Genetically compact grandiflora, good garden vigor
<b>Hurrah</b>	Standard multiflora for packs and small pots
<b>Damask</b>	Genetically compact multiflora, good garden vigor
<b>Picobella</b>	Mini flowers on mini plants for packs and small pots
<b>Flashforward</b>	Unique mounding type with mini flowers for hanging baskets and combinations
<b>Fotofinish</b>	Trailing multiflora type for early production in hanging baskets
<b>Skybox</b>	A new class of large-flowered spreading Petunias

Frost Mix 70020243

# Frost

*Petunia grandiflora*

Fresh and bright.

The white picotee edge of Frost provides a striking contrast with solid colors on each flower.

- It makes magnificent, eye-catching displays at retail in containers and in garden beds.
- Large, showy blooms edged in white, provide striking bicolor contrast.
- Vigorous, upright and branching habit fills pots and garden beds.

# Tritunia

*Petunia grandiflora*

## Best of the best.

Simplified production and planning with our selection of the best matched and best performing varieties from the Bravo, Ultra and Storm series. Large flowers on well branched, upright plants.

- The most complete range of traditional, large flowered Petunias to meet your spring bedding needs: includes bright solids, crisp bicolors, veined, and other novelty patterns.
- Ideal for both packs and pots with strong garden vigor.
- Matched for uniformity in habit and flowering with a tight bloom window for easy scheduling. Selected for earliest flowering, especially under short dark winter and early spring days.

# Duvet

*Petunia grandiflora*

A tidy blanket of color.

The next generation of genetic compact large flowered Petunias for packs and small pots. Excellent Garden performance!

- Uniform series of genetic compact plants topped by large showy flowers.
- Ideally suited for high-density production in packs or small pots with little to no PGRs. Compact but with good vigor in the garden.
- Early and uniform flowering, even under short days.
- Non-stretching plants are efficient to ship and merchandise on racks.

# Hurrah

*Petunia multiflora*

The fan favorite.

Hurrah Petunias are the F1 hybrid multifloras with the grandiflora attitude! Their earliness, tight bloom window and uniformity provide the ease you need in Petunia production. All colors in the series bloom within 3 to 5 days, so they can be shipped at once. Hurrah displays an excellent garden performance and a fast recovery from rain.

- Long-time, favorite standard, multiflora Petunia for early season blooms and long-lasting garden performance.
- Early and uniform flowering window even under low light conditions for easy scheduling and shipping.
- Fills garden beds fast with vigorous, mounded plants covered with medium size blooms.

# Damask

*Petunia multiflora*

Tough as nails.

Bred for high-density production in packs and small pots with little-to-no PGRs. Naturally compact, non-stretching plants offer extended shelf life and are easy to ship and merchandise on racks.

- Early, uniform, and free-flowering plants finish fast even under the short days of early spring.
- Tidy plants have excellent weather tolerance and deliver season-long garden performance.

# Picobella

*Petunia milliflora*

Pretty and petite.

Uniquely miniature flowers offer a special addition to the Spring retail mix. Easy and economical to grow, delivering high color impact in borders, beds and mixed containers.

- Miniature flowers and petite plants offer a unique addition to the spring retail mix.
- Easy and economical to grow - extra early flowering with no special growing regime required and no need for PGRs.
- Perfect for small borders, beds, and mixed containers - strong vigor but won't overgrow companion plants.

# FlashForward

Petunia milliflora

Plays well alone and with others.

A miniature flowering, spreading Petunia perfectly suited for basket, mixed container, and premium pack programs. Flashforward replaces the Picobella Cascade series.

- Less day length sensitivity provides extra early flowering in 9-10 weeks from planting, even under short day conditions.
- Tidy plants hold longer at retail than traditional trailing Petunias and don't overgrow companions in mixed containers.
- Extremely free flowering all summer long even under difficult garden and weather conditions.

# Skybox

*Petunia pendula*

Expand the horizon of spreading petunias.

Greatness is on the horizon and it comes from seed. A true grandiflora type with real large flowers.

- New class of large-flowered spreading petunias for high-impact pots and hanging baskets.
- Reliably targets early season sales with extra early flowering, even under short days, on a tidy and easy to manage plant habit.
- Very uniform and showy star pattern provides a high-quality option at a great price for high volume spring promotions.
